NOTE.

Dated 4th September *191* 9.

1) Under paragraphs 8 and 9 of the G.O. of 12th July 1919 the functions of the present District and Taluk Progress Committees have to be transferred to the respective District and Taluk Boards and the work of economic improvement made an obligatory function of these bodies instead of a discretionary one as it is now under section 9 of the Local Boards and Village Panchayets Regulation. The Regulation has to be amended and suitable rules framed to give effect to the above orders. As the new arrangement has to come into force from 1st January next the matter requires early attention. A Bill for amending the Regulation may be drafted in consultation with the Revenue and Education Secretaries and submitted to me within a week.

47-16, ss 1-6 relating to the Local Boards & Village Panchayet Regn, 1918, shows that Govt of India sanction will have to be obtained for amending it. It is therefore for consideration what steps have to be taken to pass the amendment before Jan[y] next. As at present proposed there will be only one meeting of the Legislature in Oct[r] this year & even if the amendment is passed at one sitting the Bill can be finally passed at a subsequent meeting after obtaining the sanction of the Govt of India. the passing of an Emergency Regulation, to be regularly passed into law later on, seems to be the only course possible, if the new arrangements have to come into effect from 1.1.1920

"I am sorry I am not able to find time till now to attend to this work. GN"

28/4/19 As desired by the Sec'y to Govt Ed & A Depts, I discussed the proposed amendments with Mr. Mrs. Ramachandra Rao (Asst Sec'y) and with the Sec'y himself and the following suggestions are made as the result of it.

30/4/19 The Econ. Confce having become a permanent institution and the development of its activities in each District having been delegated to the Dt Boards it becomes an essential part of the work of the Dt Boards to provide for such work adequate and to effect the decision of the Dt Board an amendment to the Regn. becomes necessary. As economic development is a very important item of work, it is proposed to make it an obligatory function of the Dt Board. This it is proposed to do by an amendment of Sec 8 clause (h) & (i). Section 9 of the present regulation provides for economic work of the Dt Bd but makes it optional. Having regard to the importance of the subject and to the fact that separate Committees and separate agency will be maintained for carrying on the work I submit that instead of meddling with

NOTE—Contn. sheet.

WD A176—GPB—3,000—5-8-18

section 8 of the Repn. it would be better & ~~to~~ recast section 9 altogether. A separate definition is accordingly put up. This section will make it obligatory for the Boards & ~~Local~~ Local Bodies to attend to Economic development work. ~~This is the first point~~ The details to be included in the rules

~~20~~ 21) There is no provision in the Repn. for the appointment of subordinate staff. ~~This~~ Provision will therefore have to be made for them. The ~~proposed~~ suitable amendment requires ~~consideration~~ provision, ~~for 2 members to Each Subordinate~~ should for it does not clearly provide for members outside the Board being appointed by the said Committee leaving the details & the rules to be framed by Govt; the amendment may take the form as shown in the draft. Amendment Sec 19(a) do. not appear to be necessary. It may go into the rules under Sec 37.

22) An amendment to section 37 is very necessary. This will enable Govt. to frame rules on all matters of detail. The power under this section should be as wide as possible as it enables the Govt. to make rules or alter the

according to experience gained in the working of these Schemes.

23) Thus the three important items viz (1) making Economic work an obligatory part of the Co-operative activities, (2) provision for 3 Committees for the three branches of work & (3) scope for laying down instructions for carrying on the work of the Subordinate will have been attended to by the amendments proposed for consideration with such modifications as may be found necessary by me and agreed to by Mr Ramachandra Rao and the Secy. 29) Clause (h) of section 8 may be omitted.

30) The effect of bringing clause (1) of section 9 under section 8 would be to make the execution and maintenance of drainage and irrigation works an obligatory function of the District Boards instead of a discretionary one as it is at present. Irrigation will be covered by the term agriculture and drainage works will come under the general clause (j) of section 8.

31) The present section 9 may be omitted altogethe

32) The proposed section 9(a) may well be brought under section 8 enumerating the obligatory function of the District Boards. The qualifying clause "in accordance with the definite programme prepared by the Board etc" may be omitted as this should find a place in the rules.

33) The proposed section 9(b) may also be omitted and the necessary addition made in section 10(1) describing the functions of the Taluk Boards.

34) The proposed section 19(a) may go into the rules.

35) There is no necessity for the proposed section 21(3) as the section as it now stands is wide enough to authorise the appointment of special staff for economic work.

36) Grants by Government for economic work will come under clauses X and XI of sub section (1) of

section 23. The proposed addition of a new clause for the purpose under this section is therefore unnecessary.

37) ~~46~~) There is no provision in the proposed draft Bill for regulating the relations of the District Boards with the General Economic Conference and the Central Economic Board. Power has to be taken to make rules for the purpose under section 37 and the terms General Economic Conference and the Central Economic Development Board have also to be defined.

I agree to the proposed amendment of section 54 (ii.)

38) ~~47~~) As the levy of an education cess has been practically decided upon I would suggest this opportunity being taken to make provision in the Regulation for authorising the imposition of the cess. Section

39) ~~48~~) A revised draft Bill with a Statement of Objects and Reasons is placed in the file which may be circulated and placed before the Council with the Dewan's approval.

40) ~~49~~) As regards Municipal Regulation, Section 27 of the Regulation deals with the Managing Committee which possesses executive functions, and Section 28 deals with School Committees who will be in direct charge of schools. None of these sections can be modified as the Committees under the Economi Conference Scheme will be advisory bodies: Section

of the same clause seems to require alteration In view of the additions made to Subhead (ii) & of the Observations of the II Member contained in para 30 of these notes, Subhead IV may perhaps be recast as follows:

54 The following verbal alterations are suggested for the sake of convenience —

Cl 6 — No 2nd & 3rd sentences authorising the President of the Districts Board to appoint persons of special qualifications to the Sub-Committee or to appoint temporary additional members.

The term "local" may perhaps be substituted for the word "District" in both the places. Otherwise, similar powers would be exercised by Presidents of Taluq Boards

Cl 8

Since the term mutual is used in Cl 7, the latter half of the sentence may perhaps be recast as follows

"..... mutual functions of the Central Economic Board, the Economic Conference, the District Taluq Board, the Sub-Committees of the District & Taluq Boards & Municipal Councils and the agency appointed to execute the economic development work undertaken financed wholly or partly by the G. the District or the Taluq Bd."

The idea is that certain members nominated by the President only without consulting the Dist. Board & certain members by the Vice-President only without consulting the Taluq Board. These appear in language. It is not intended to give powers of nomination to the Presidents of D. Board or Taluq Boards

M H.H.

No — The idea is that the E.D.O. should deal with the District Board & the Taluq Boards

M H.H.

* It seems to be necessary to include the Municipal Councils also in this clause since economic development work has to be attended to by Municipal as well as by Local Bds.

Bill to amend the Mysore Local Boards and Village Panchayets Regulation, 1918, and the Mysore Municipal Regulation, 1906.

68 Under paragraphs 8 and 9 of Government Order No.514-66/E.C.15-19-1 dated the 12th July 1919, sanctioning the reorganisation of the Economic Conference, the functions of the District and Taluk Committees have to be transferred to the District and Taluk Boards and Economic improvement work in the respective areas made an obligatory function of those bodies. Under section 9 of the Local Boards and Village Panchayets Regulation, 1918, such functions are only discretionary. A draft Bill draft No I has therefore been prepared to suitably amend the Local Boards and Village Panchayets Regulation so as to make economic improvement work an obligatory function of the local bodies.

78

2. The Government Order referred to above also contemplates that Municipal Councils should similarly undertake economic development work within their jurisdiction and the Municipal Regulation, 1906, is proposed Draft No II to be suitably amended as in the Draft Bill.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Subject

Bill to amend the Local Boards Regn

Rule to further to amend the municipal Regn and the Commissioner have to be read in Council at the meeting of the Legislature Council on the 25th.

These Bills have been published under rule 32 of the business Rules with the sanction of the Dewan

S. 12 of the Regn requires that every measure before it is introduced into the Council, must have the written sanction of the Dewan and next leave of the Council must then be obtained under Rule 30

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

G.R.S. III—3]

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Rule

Since these Bills have been published under Rule 32; motion for leave to introduce the Bills is unnecessary.

It is a point for orders whether this does away with the requirement of the written sanction of the Dewan also

Srikd. for orders

8/6/13

Reading Sec 12 (1) of the Leg Council Regn & Rule 30 of 32 of the Rules of Business. It seems that written permission of the Dewan in Cases falling under Rule 33 is unnecessary

8/6/13

S. 12 (1) seems to be imperative & I think the sanction of the Dewan is necessary & there is no harm in obtaining it.

Please put up the fair forms to-day for the signatures of the Member & Dewan

Amendment no. 1

(a) & (b) Re clauses 1 & 8 of the Bill.

The reasons for the changes made by the Select Committee are explained by the Govt Advocate in his note dt 29.4.20, on which the report of the Sel: Comtee was based. The point was fully discussed in the Sel. Comtee before the changes in the Bill were agreed to.

Amendment no. 2

The object of the amendment is to give the power of appointing members of committees to the Presidents of Taluk Boards so far as Comtees within those Boards are concerned instead of giving the Presidents of Bds the power in respect of the

District and the Taluk Boards. The reason for the amendment proposed is perhaps the same as what Mr. D. Venkatesanja has urged in para 1 of his minute of dissent. The Select Cmtee discussed the question fully and arrived at the conclusion that the President of the D. Bd alone should have the power. Reference is also invited to the III Members remarks on page 19 of these notes against Cl. 6, where he has said that it is not the intention to give powers of nomination to the President of the Taluk Board.

Amendment no 3

This again is based apparently on the Members desire to give the Taluk Boards the power to levy the educational ~~Cess~~ cess. Reference is however invited to para 58 of these notes and the III Members order thereon. Mr Venkatasa also urged the same point — now repeated in para 2 of the minute of dissent — but the Select Cmtee did not accept his proposal.

118) An examination of the original file reveals the fact that the words used in the final copy of the Regulation which received the -- assent of His Highness on 15th July 1921 were:-

"confirmed by a resolution of the District Board supported by not less than three-fourths of the members present at a meeting,etc."

119) But in the final copies of the amended Regulation, the word present has been omitted evidently by oversight or by a printer's devil. Action will have to be taken in the Legislative Section for getting an erratum published.

120) In the meanwhile, a draft reply explaining the situation to the President of the District Board, Hassan is put for approval.

A Bill further to amend the Mysore Local Boards and Village Panchayats Regulation VI of 1918.

Whereas it is expedient further to amend the Mysore Local Boards and Village Panchayats Regulation VI of 1918, His Highness the Maharaja is pleased to enact as follows:-

Addition of a new clause 6 S 38

1. After clause (h) and before the last paragraph of sub section (1) of section 38 of the Regulation, the following new clause shall be added:-

(i) Providing for:-

(i) the establishment of public ferries and their management

(ii) the rates of tolls that may be levied on passengers. carts, animals and goods and the load that may be carried in any public ferry boat at one trip,

(iii) the safe, speedy and convenien carriage and landing of passengers and property,

(iv) the maintenance of ferry boats in good order and the employment of competent men for rowing them,

(v) the inspection of the ferries and the ferry boats and

(vi) otherwise for the due discharge of their duty by toll contractors of farmers, toll-keepers, ferrymen, and other persons employed at a public ferry.

2. The last paragraph of sub section (1) of section 38 of the Regulation shall be numbered as sub section (1 A)"

Statement of objects and reasons.

Instances of fatal accidents caused by the capsizing of boats in public ferries have frequently come to the notice of Government. In their order No.6558-65-201 dated 15th November 1881 Government have prescribed the periodical examination of ferry boats by Amildar and other officers and issue of licences on certain conditions. As the said Government Order has not been issued under the authority of a statute, it is found that the conditions imposed on Ferry contractors can only be enforced by virtue of the civil contract and that no punishment can be inflicted for breach of the conditions. In order to remedy this defect it is proposed to amend the Mysore Local Boards and Village Panchayets Regulation as in the annexed Bill so as to give statutory authority to the District Boards for the framing and enforcement of suitable rules to ensure the proper management of public ferries in their charge.

2. The last paragraph of sub section (1) of section 38 of the Regulation is a penal provision applicable to all cases of infringment of the bye-laws made under the Regulation. Clause 2 of the Bill is intended to make this point clear by numbering the paragraph as a separate sub section.

(iv) all other communal work connected with pasture lands, village forests, village courts and any other local works or measures not otherwise provided for in this Regulation and likely to promote the health, comfort or convenience of the public.

Statement of Objects and Reasons.

According to the re-organization of the Mysore Economic Conference ordered in Government Proceedings No. 514-66—E. C. 15-19-1, dated the 12th July 1919, economic work in the districts is to be assigned to the respective Local Boards as one of their obligatory functions instead of having separate District and Taluk Progress Committees for the purpose as at present. The annexed Bill is designed to give effect to this decision.

2 Clause 6 of the Bill is intended to make provision for the levy of an education cess in pursuance of the scheme proposed in the memorandum on Education published with Government Order No. 1321-88—G. M. 96-18-1, dated the 5th June 1919.

3. Instances of fatal accidents caused by the capsizing of boats in public ferries have frequently come to the notice of Government. In their Order No. 6558-65—201, dated the 15th November 1881, Government have prescribed the periodical examination of ferry boats by Amildars and other officers and the issue of licenses for plying such boats on certain conditions. As the said Government order has not been issued under the authority of a statute, it is found that the conditions imposed on ferry contractors can only be enforced by virtue of the civil contract and that no punishment can be inflicted upon them for breach of the conditions. In order to remedy this defect it is proposed to amend the Mysore Local Boards and Village Panchayets Regulation as in clauses 9 and 10 of the annexed Bill, so as to give statutory authority to the District Boards for the framing and enforcement of suitable rules to ensure the proper management of public ferries in their charge.

4. The last paragraph of Sub-Section (1) of Section 38 of the Regulation is a penal provision applicable to all cases of infringement of the bye-laws made under the Regulation. Clause 10 of the Bill is intended to make this point clear by numbering the paragraph as a separate sub-section.

No. 301—L. C., dated 24th February 1920.

Under Rule 32 of the Rules for the conduct of business of the Mysore Legislative Council, the accompanying Bill further to amend the Mysore Municipal Regulation, 1906, is published for general information with the statement of objects and reasons.

By Order,

P. MAHADEVAYYA,

Secretary, Mysore Legislative Council.

Bill further to amend the Mysore Municipal Regulation, 1906.

Whereas it is expedient to further amend the Mysore Municipal Regulation, 1906, His Highness the Maharaja is pleased to enact as follows:—

Amendment of Section 30.

1. For Section 30 of the Regulation, substitute the following:—

"Subject to such orders as may be passed by the Government from time to time, the Municipal Council may appoint such or so many Committees in connection with economic work with special reference to Education, Agriculture and Industries and Commerce and other objects mentioned in Sections 54, 55 and 56, consisting of such Councillors as may be prescribed by the Government in this behalf and may at any time discontinue or alter the constitution of any such Committee. The Municipal Council may direct that the report of any such Committee shall be made to the Managing Committee or any other body appointed by the Government, instead of to the Municipal Council."

Amendment of Section 31.

2. In Section 31 of the Regulation, for the words "by a resolution supported by not less than one-half of the whole number of Councillors" appearing after the words "from time to time" the following words shall be substituted:—

"by a resolution of the Council or under the general or special orders of Government."

3. In Section 31 of the Regulation, after the words "in the opinion of such Municipal Council" the following words shall be inserted "or the Government."

Addition to clause (c) of Section 56.

4. At the end of clause (*c*) of Section 56 of the Regulation, add the following:—

"and other objects of economic value with particular reference to the advancement of Agriculture, Industries and Commerce."

5. In clause (*k*) of Section 56 of the Regulation, the comma and the words "or education" occurring after the word "convenience" shall be deleted.

Amendment of proviso to Section 58.

6. The proviso to Section 58 of the Regulation shall be repealed and the following shall be inserted as Section 58A after Section 58 and the present Section 58A renumbered as Section 58B :—

"58A. The extent of the independent authority of any Municipal Council in respect of economic development with reference to Education, Agriculture and Industries and Commerce and their relations with the Local Boards and other departments and organisations of the Government shall from time to time be prescribed by the Government."

Statement of Objects and Reasons.

In accordance with Government Order No. 514-66—E. C. 15-19-1, dated 12th July 1919, sanctioning the re-organisation of the Economic Conference, Municipal Councils have to undertake the work relating to economic development in the Municipal areas concerned instead of the present Town Progress Committees. The annexed Bill is intended to make provision for the same in the Municipal Regulation.

Draft Report of the Select Committee on the Bill to Amend the Mysore Local Boards and Village Panchayets Regulation, 1918.

****

We, the members of the Select Committee appointed to consider the above Bill have the honor to submit the following report:-

Clause 1. The General Economic Conference and the Central Development Board are merely consultative bodies and have no independent statutory existence under the Local Boards and Village Panchayets Regulation. Hence there is no object in defining these terms in this Regulation and we have accordingly omitted this clause.

Clause 2. The amendment of Section 4 of the Regulation proposed in this clause contemplates the exercise of concurrent jurisdiction over municipal areas by Local Boards as well as Municipalities in regard to economic work. We consider that it is not desirable that the two bodies should exercise concurrent jurisdiction over one and the same area and hence we recommend that Section 4 may remain as it is and that no amendment need be made therein.

Clause 3. We propose certain verbal alterations in this clause and the clause as altered will be as follows:-

"8 (a). the development of the economic condition of the District with special reference to Education, Agriculture, Industries and Commerce.

Clause 5 As the provision made in this clause relates to a subject different from that contemplated in Sub Section (1) of Section 10, we consider that it may form a separate sub Section as Sub Section (2), the present sub Section (2) being renumbered as Sub Section (3). The above arrangement involves certain alterations in the wording of the clause and as altered it will stand as follows:-

"10 (2). Subject to like restrictions and conditions imposed in sub section (1), every Taluk Board shall, within the area subject to its authority, exercise such powers and perform such duties as may be assigned to it, in matters relating to economic development with special reference to Education, Agriculture, and Industries and Commerce."

As a result of the above alterations, the figure (9) in Sub Section (1) of Section 27 should be substituted by (10) and the figure 9 in Sub Section (2) of the same section deleted.

Clause 6. This clause contemplates making provision for the formation of sub committees and special sub committee. As Section 17 related to the formation of Joint Committees, we suggest that in the headline over Section 17 the word "Joint" may be deleted and that this clause may be treated as Section 17A. We have also slightly altered the wording of the clause. As altered it will read as follows:-

"17A -(1)Subject to such rules as may be framed by Government in this behalf, every Local Board shall for the purposes of Sections 8(i) and 10 (2) of the Regulation, appoint three committees from among its members to deal, respectively, with Education, Agriculture, and Industries and Commerce consisting of such number of members as may be appointed by the Board.

(2) It shall be lawful for the District Board to appoint as a member of any of the said committees, any person of either sex, who is not a member of the Local Board, but who may, in the opinion of the President, possess special qualifications for serving on the Committees.

(3) It shall also be lawful for the District Board to appoint temporarily additional members of either sex, whenever necessary, for the consideration of any particular subject or

or subjects.

Clause 7. We recommend that the proposed new sub Clause (c) may come after the proviso in Section 24, as, after a careful discussion we came to the conclusion that the levy of the cess should have the acceptance of a majority of the Taluk Boards in the manner indicated in the revised clause. Sub Clause (c) as revised will read as follows:-

"(c) an educational cess not exceeding six pies in the rupee on all items of revenue on which local cess is levied to be utilised solely for purposes of mmm education.

Provided that the cess shall not be levied unless the levy thereof is accepted by not less than 75 percent of the Taluk Boards in the District at meetings especially convened for the purpose. and confirmed by a resolution of the District Board supported by not less than three fourths of the members present at a meeting specially convened in that behalf."

Clause 8. For the reasons stated against clause 1 we consider that we have no power under the provisions of the Local Boards and Village Panchayats Regulation, to authorise Government to make rules defining the duties and responsibilities or the relations of the General Economic Conference and the Central Economic Development Board with the Local Boards or the Committees thereof. We, therefore, recommend that the whole clause may be omitted and in its place the following be substituted:-

'Add the words 'and Committees" after the words "Local Boards" in line 1 of Section 87 clause (b) and after the words "Taluk Boards" in line 2 of clause (c) of the same section".

Clause 9. We consider that it is desirable to provide for the making of bye-laws in respect of the issue of licences for plying ferry boats and we accordingly propose the addition of the following sub clause after sub clause (i), the remaining sub

sub clauses being renumbered.

"(ii) The issue of licenses for plying ferry boats, the conditions on or subject to which such licenses may be granted and the fees payable in respect of such licenses".

Consequent on the above addition, the words "and license fees specified in Section 38 clause (1) sub clause (i)" have to be added after the words Ferry collections" in Section 23 Clause (1) sub clause (iii

We recommend that the Bill may be passed with the above changes, and as they have been fully indicated in the report we consider that the Bill need not be republished.
